Improve the health, inspire the spirits, and transform the lives of children around the world.

OUR MISSION

Sunshine Heroes is on a mission to make the world a brighter place. In partnership with local leaders and developing communities, we build Sunshine Children's Centers across the globe. Our purpose is to improve the health, inspire the spirits, and transform the lives of children around the world through education, healthcare, and recreational activities. In addition, we spread sunshine here at home by performing small acts of kindness within our local communities. We invite you to join us in spreading sunshine by performing acts of kindness for your neighbor, family, friend, or even a complete stranger!

DEAR FRIENDS,

As we look back on 2015, we feel tremendous gratitude for the donors and supporters that make our work possible.

Our largest project of 2015 was the construction of a life-changing Sunshine Children's Center in rural Panama. This distinguished center includes the first-ever computer lab on the island of Bastimentos, plus provides vocational courses and healthcare to more than 3,000 local residents. Your support made this all possible!

In addition to Panama, we have several other projects around the world that continue to empower children through education and health services. We are honored to work with noble partners across Africa, Asia, Europe, and Latin America that join us in helping children discover their true potential. At this moment, we have touched the lives of more than 400,000 children in 19 countries. As we look ahead to 2016, our main project will be the completion of a large-scale Sunshine Children's Center in Bayaguana of the Dominican Republic. The future is bright for Sunshine Heroes!

We credit our team with a spirit of continuous improvement, striving to instill hope in more and more children each year. Please be sure to follow us on social media as we are continuously providing updates about our humanitarian programs here at home and abroad.

We want to thank you, our dearest friends, for the collective spirit of support you continue to give. Your kindness and generosity strengthens Sunshine Heroes and embodies the happiness so needed in our world. From individual donors to valued corporate partners, we look forward to working together in 2016 and beyond as we spread sunshine across the world!

Sincerely,
Travis & LaRee Hansen
Co-Founders

2015 PROJECT
UTAH, UNITED STATES

2015 PROJECT
BASTIMENTOS, PANAMA

United States
We hold an annual Christmas donation drive that provides gifts to more than 80 local families in need.

Panama
Our Sunshine Center in Bastimentos includes the first-ever computer lab on the island. More than 3,000 people also benefit from vocational courses, tutoring services, and healthcare.

Mali
Both Sunshine Centers in Mali grant equal education opportunities to more than 300 boys and girls, resulting in a 100% pass rate for critical 9th grade graduation exams.

Thailand
Bio-sand water filters now provide clean drinking water to 4 entire villages of the Karen Hill tribe, improving the lives of 4,000 individuals in northern Thailand.

China
Advanced water filters in 50 boarding schools across Zhongwei now provide safe drinking water to 30,000 students.

Nepal
Our health clinic in Birendranager has provided proper medical attention to more than 90,000 people since 2011.

Global Impact

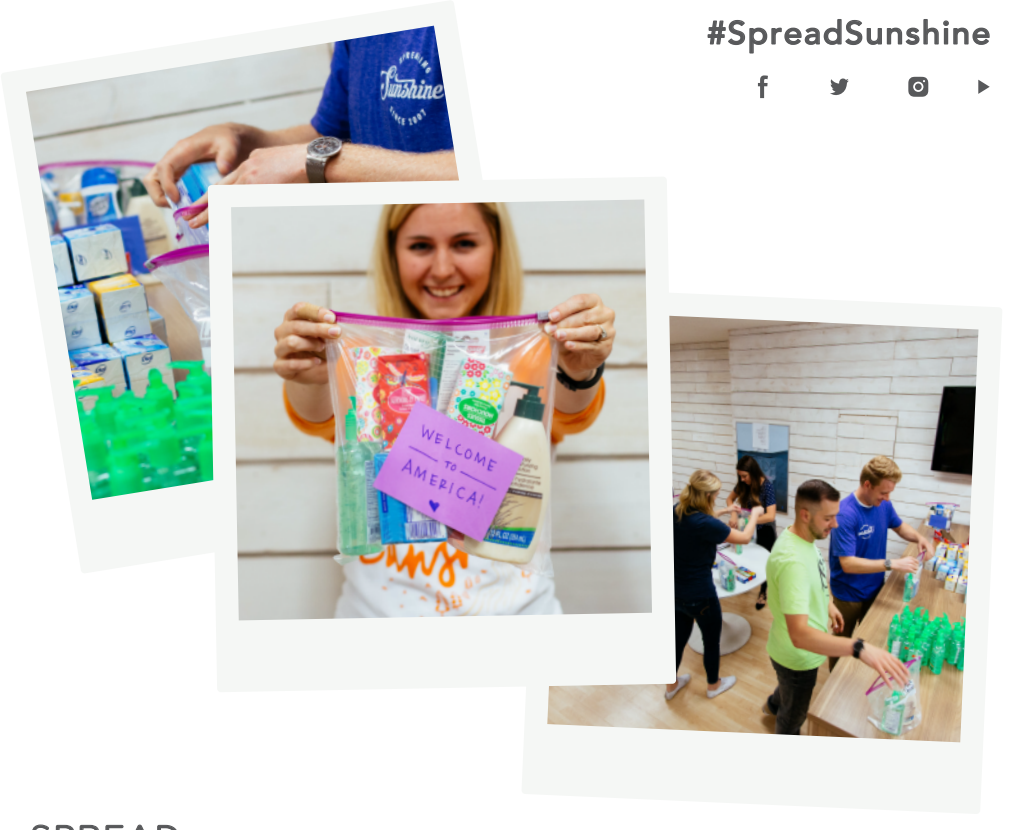
WE'VE IMPROVED THE LIVES OF OVER 400,000 CHILDREN IN 19 DIFFERENT COUNTRIES.

NATURE'S SUNSHINE®

FOUNDING
SPONSOR

Nature's Sunshine Products is the founding sponsor of Sunshine Heroes, sharing wellness and transforming lives through both its business and philanthropic efforts. Thanks to generous support from Nature's Sunshine, Sunshine Heroes has been able to impact more than 400,000 children worldwide. A portion of all proceeds from the Sunshine Heroes Vitamin line helps fund our global projects and cover administrative costs, allowing 100% of individual donations to directly benefit children in need! We are honored and humbled to partner with Nature's Sunshine and its wonderful distributors across the world.

#SpreadSunshine



SPREAD
SUNSHINE

Throughout 2015, we have been able to serve our own communities here at home through our #SpreadSunshine campaigns. These are special events that encourage local residents to volunteer and serve those in need. One such project resulted in the preparation of 100 hygiene kits for refugees that have relocated to Utah. These important hygiene kits included vital personal items such as toothbrushes, toothpaste, tissues, and basic first-aid supplies. Moving to America is life-changing for the millions of refugees displaced from their native homes, but these same individuals have limited access to money, living essentials, and other support upon arrival. Sunshine Heroes partnered with International Rescue Committee to help our neighbors feel welcome here in their new home.

PANAMA

Bastimentos

OUR IMPACT

November 2015 marked the opening of our 8th Sunshine Children's Center. Sunshine Heroes partnered with Give & Surf in Bocas del Toro, Panama. This special center includes a library, health clinic, playground, and even a small skate park for kids! Additionally, this is the first local community center to provide a public computer lab on the island of Bastimentos. Local staff, combined with ongoing support from international interns and volunteers, supervise educational programs and tutoring services for the 300+ children living in the Old Bank area.

Our programs are focused on improving the local illiteracy rate of 81% so that more children can learn to read and write. This Sunshine Children's Center is also the first and only American Safety & Health Institute training center in all of Panama. Classes provide health and safety information to the local community, teaching how to properly treat cuts and minor injuries while preventing infections and illness. The potential impact of the Sunshine Center will reach over 3,000 people annually!

2015 Sunshine Center

MANA & TANIMA
MALI

Sunshine Heroes Foundation proudly supports the Mali Rising Foundation. In 2010, we partnered together to build a second Sunshine Children's Center in Mali, Africa. This second school provides equal education and opportunities to more than 175 boys and girls each year. Our first school continues to teach 125 students living in rural Mali. Both Sunshine Children's Centers strengthen the academic experience for children and help them grow closer to reaching their goals. The Sunshine Heroes Foundation believes education is the key to success and supports efforts to bring such opportunities to rural Africa.

"I will forever think of Christmas differently."

SUNSHINE
CHRISTMAS

Sunshine Heroes Foundation partnered with ShadowLight Foundation in 2015 to sponsor local families in need during the Christmas season. We were honored to assist 85 gracious families in the area, providing meaningful Christmas gifts to multiple children and adults. We consulted with teachers, counselors, and ecclesiastical leaders in the area to determine the genuine needs of individuals. We then purchased items and collected generous donations to meet household needs of selected families: shoes, coats, towels, dishes, and a few childhood toys (of course)!

In mid-December, we hosted a large-scale service event that attracted almost 400 volunteers willing to support the Sunshine Christmas program through wrapping and delivering gifts. Our volunteers included high school students, church youth groups, and employees of Tesani Companies. In the words of one volunteer, "Thank you for this experience! It is one I will always remember. I will forever think of Christmas differently. To think that families that live right by us might not have a Christmas is heartbreaking. Being able to help was not only a blessing to them, but to me as well."

BOARD OF

FINANCIALS

Sunshine Heroes Foundation works in partnership with field experts and international non-profits to sponsor meaningful programs that improve the lives of children. Thanks to generous contributions from Nature's Sunshine Products, 100% of all individual donations are invested into our humanitarian projects around the world. We also leverage in-kind contributions of goods and services to further our impact.
